correspondent of the Fall Mall Gazette:

"Going into a neighbor's house in Madely, one day last week, I found one of the children suftering from severe cough, and expressed my ophilan that it was a case in which model assistance should be obtained. The father of the boy agreed that I was very tool, but said that before calling In a deater he intended to try a cure that he had long used in Finilar cases, and never found to fail. On heling pressed to communicate the prescription he growly informed me that the charm consisted in cutting a few hairs from the part of the patient's read where it joins the neck, placing them between two thin slices of brend and butter, and giving them to a dog. If the sandwich took no effect on the satinal the patient would recover; but if the dog slekened the case was critical, and a doctor should be called in forthwith." correspondent of the Pall Matt Gazette;

SATURDAY, November 2, 1867. From Mexico. -- A letter from the city of

ere them. he has been condemned to death. Through to Vienna, will pay King William of Proshis counsel he has asked to be pardoned and himished, a prayer which the press call upon the President to grant, declaring that It would be a terrible act to execute the General in view of some of the good, and valignt deeds he has performed for Mexico, and brusal to carry out the sentence of death upon an old and decrepid man. He will probably be banished or imprisoned for

Prince Salm Salm who has been held in captivity at Queretaro since his capture at the surrender of that place, has been given permission to choose a place whereat to serve out the remainder of the term of his sentence. He has selected this city as the spot, and he is expected here formerrow. His fellow prisoners, together with those now at Moralia, have been sent to Monterey. and the Perote prisoners have been ordered to Puebla. Out of forty who remained in the Ex-Convent Engineers, twenty were liberated on Monday and the belonce will sang be free.

thumors From the Capitol. A New York evening paper of Friday, has the following:-

From a friend in Washington we learn that the negroes throughout the entire. Disthet of Columbia are supplying themsolves with firenties, and that the goins and pistols already collected by this class of citizens in their itouses are minierous enough to sup-ply several regiments. A policeman re-ported the news on Tuesday—that he knew of one negro who had purchased 20 guas.

and that nego companies were nightly drilling in the rear of Georgetown.

During a fire which occurred the other evening, it is said that 2000 negroes made their appearance on the ground in less than officen minutes after the first darm.

Speaker Colley will mulambredly run, for

tion of his report before the Pravident to day. He is opposed to further contraction of the carriercy fast now. Chief Justice Chasa is engaged upon a letter, which will soon be published, pointing out the defects in our function was sent and remedies for them. He opposes Better's plan of paying the

AMERICAN MACHINERY. -The Paris corres condent of the London Herold, bestows a high encomium upon American contributions to the Exposition, introducing a letter of three columns as follows:

It is an absolute pleasure to find one cell on the American ground. The contribu-tions from the great and powerful country formed by the United States and transmittell across the wide Atlantic bave a refresh-ing originality, and exhibit a prolific ferril-ity of imagination, splittede of application, and readiness of resource, that are in agree ble contrast with the shortcomings exhibited in the previous series of courts. True, there is an abundance of novelies, which are notions rather than perfectly practical invention; but even "Yankee dodges" are often marvellously useful, and at least beyond the English inventive genius, and a threshing floor to the evening school; read-surprising readiness for making sometagenius machine out of the simplest and commonest elements. In machinery of the entering himself at a lawyer's office with larger class they lack the ripe experience of the lean of the licht and the chaff of the first Senday in the month, there will be cannot tools there are tools there are the chaff of the barn yet thick on him; using at last to be a service at 7.15.

It makers who take descreed to a service tools the content and the chaff of the first Senday in the month, there will be barn yet thick on him; using at last to be a content of the chaff of the first Senday in the month, there will be and steam power tools there are a service at 7.15. makers who take deservedly a very high

Present Gamesino. The energinous size of the French asparagus is chiefly due to the manner of planting. Instead of setting style far superior to the other. His busi-the plants closely together, as we do a space of all least six further square is allowed to change percesary and we wish the may man each "stool," which enables it to suck a arga amount of nutriment from the soil, and become a strong and solid plant. Each stool is also manured repeatedly every sea-

about three feet above the ground. Upon this wire a single brunch of each tree is trained, and as soon as well started, this brauch is made, by heavy pruning, the only full bearing one on the tree. The conse-quence is that the cutire strength of the tree goes to the nourishing of the fruit upon this branch, and this fruit becomes large and fair in proportion. This process, by the by, is borrowed from the Chinese.

The pear, however, is also largely grown in the pyramidal and other forms, but almost always from dwarfed stock.

Iron and Vegetables. -- A curious distimore, has been made in France, regarding the infliction of iron on vegetables. On the chalky shores, where there is an absence of from, vegetation is sere and withered in appearance, which, It appears, is removed by the application of a solution of the sulphate of iron. Harricot beans, watered with this substance, acquired an addition of sixty per cent. Mulberries, peaches, pears, grape vines and wheat, derive advanages from the same treatment. In the cultivation of clover, wonderful advantages have been gained by the application of the to produce an early crop. In view of these mets the Farmer asks: "What becomes of Chailes Hunter to Henry Meritit, Jr., a sulphate of iron on soils where it is desired. the land 2th

A lawyer, who, from a very humble station, had risen to become a peer of the when he was nine or ten years realm, being asked why his mans were not would not make a good laborer emblazoned on the panels of his carriages, teplied, "Because my carriages are older than my nobility."

A clergyman, in the course of a sermon recently remarked: "You need not classy your hands so ferrently in prayer that con-can't get them open when the contribution-hox comes round." The one hundred and first anniversary

the John street Methodist Episcopal church was celebrated last Sunday. Bishop Janes preached. A reasion of former pastors and members of the church was held at 2 т. м. Fun represents a six year old Knicker-

An old fashioned husking recently took place at Westport. A hundred young folks husked 125 bushels of corn, and gave it up as a had job when they tried to measure the fun. It is said that several red cars were found, and the customary penalty followed.

The Senate of Iowa will consist of thirtynine republicans to two opposition, and the House will have seventy-seven republicans and twenty-four opposition. A part of the opposition are "people's" candidates, or indepen dent

A St. Louis dispatch states that the Kan-sas people are dissatisfied with the treaty just made with the Cheyennes, deeming it but a hellow truce. It is stated that a de-nial of privilege of their hunting between the Snoky Hill and Platte rivers would have resulted in the confinement of were have resulted in the continuance of war, Commodore Mckinstry, agent on the

part of the General government in making examinations of various localities in the vichilty of New London, with a view of se-lecting a site for the proposed Navy Yard, expresses the most feverable opinion of the location, as far as examined.

At a banquet given in Manchester, England, on the 17th, the British Steeretary of Foreign Affairs stated with regard to the United States, that "the great peacemaker, Time, has done much to soften and allay those feelings of irritation which, undoubtedly, at one time prevailed against us."

We wanted to soften and the soften and the soften and the soften are the soften and the soften and the soften are the s

sanguine friends anticipated. So far as heard from he has estrictly every Mexican

The Secretary of the Treasury has pow er, under a joint resolution of Cangress, to unticipate at his discretion, the payment of he time at which it may be specifically due. It is under this law, that the Secretary has now given, the public the advantage of a few days in the matter of the November in-

Some secondrels are engaged in selling South Missouri lands to which they have no title. Lately a Fennsylvanian visited Butler county to look at a large tract of land which he had bought, and found that the person selling him the land had not a particle of title to it, and that the parties reaking the deeds were not worth a dime asking the deeds were not worth a dime A profitable but outrageous speculation!

The name Red Sea is derived from por-tions being covered with patches, from a few yards to some miles square, composed of microscopic vegetable animalcular, par-ticulary abundant in the spring, and which dye the water an intensely blood rel. When not affected by these organic beings, the deep waters are intensely blue, and the shoal water shades of green.

A Texas editor, on being asked how he got along with his paper, said he had writ-un one editorial and shot three men in the previous twelve months.

Advices received from Fort McDowell, Advices received from Fort McDowell, Arizena, state that forty Pinna Indians had returned from a raid upon the Apaches, having killed eleven of the latter and taken several prisoners. There was a grand time rejoicing over the scalps, the former dancing around the persons of their prisoners.

To Paries Greek. The Irish Farmers' Gasette says, to fatten geee, put up three or four into a darkened room, and give each third one pound of oats daily, thrown on a pun of water. In fourteen days they will be found almost too fat. Never shut up less than two together, as they pine if left alone.

The Conservative Army and Navy Union honorably discharged soldiers and salters, setting forth its political principles and urging the nondustion for office in every case of men who have been earnest supporters of the late war for the Union.

The Long Island burglars, who made their rendezvous in a church at Flushing, had collected a large quantity of silver plate, s generous supply of estables, many mis-cellancous articles, and pawn tickets in abundance. In the church there was an old organ not in use. The thickes last taken from it the bellows and pipes. which they had used in conjunction with a furnace to do their cooking, and for melting the allver ware.

The latest news from the African tribes on the West coast is characteristic. A chief at old Calabar died September 12th, and a case of four play being suspected, the entire household, including six wives, were compelled to test their innocence by estine omprises to eat their immediate by calling a poisonous bean. Eight acon died, and none were expected to survive. It was re-ported that a battle had been fought between two tribes on the 14th of September, and that forty of the New Calabar men were captured and afterwards villed, roasted and salen by the Ecrickes.

Mr. George L. Barrett, well known as this great Counceticut dealer in horses, and who filed at his residence in Thompson, Connecticut, on the 25d inst., aged fortyseven years, was never as many miles away from home as he was years old. He never drank a glass of liquor, nor smoked or chewed lollarce, never was on board of a stemboul, and never rode in the car but once. Born in Thompson, he always lived there, and expired under the assus roof which sheltered him from his birth until his

WOMEN AND CHILDREN IN THE FIELDS .--At a meeting of the Norfolk Chamber of Agriculture Mr. C. S. Read . M. P., "the far mers' member," said be thought a girl of eleven or twelve as strong as a boy of that age, and there was no good farming without the assistance of this juvenile and female labor. He had travelled in different counties, he had lived in Wales, and he had also been in Scotland, and he never saw a wellcultivated farm in his life on which women and children had not been employed. He was sure that incless a boy went to work when he was nine or ten years of ago he

The presence between a good and poor article of Gin is plain caough. If you want the best, buy a house of Bunster's old Landon Dock Gin. Sold by most country stores everywhere, and by the wholesale agents, C. A. BICHARDS & CO., 97 Washington St.

STOVES, STOVES, at the BLUE STORE.

A Districted Court, causes the friends of the sufferer almost as much pain as the sufferer bimself, and should receive immediate attention. Dr. Wisria's Harrist or With Cheart speedly carestoughs colds, inducates, core throat, &c. It will always re-lieve consumption, and in many well attended eases in has effected a perfect cure.

London, Nov. 1 3, 30 p. m. Telegraphic dispatches from Processe, giving the eitherline of affairs at Rome, have just here received. The French troops which were landed at Civita Vecchia a few days since, had at rived.

erannyan. There were no demonstration whatever.

The city was perfectly quiet, and the French were received with protound silence. Gailbaldi, whose force was constantly in-

creasing still held his position on the out skirts of Rome.

The Papal forces were to move out o their intrenchments and attack him to-day.

SEGRO TESTIMONY IN DELAWARE. THE CIVIL RIGHTS BILL DECLARED IMPERATIVE AND VOID.

WILDINGTEY EARLY COD.

WILDINGTON, Nov. 1.— In a case before the Court of themeral besidons, at Dover, yesterday, objection being mode to the not mission of the evidence of the complainant, a colored man, on the ground that the laws of Delaurate do not permit colored testimony where there are monutation white witnesses. where there are competent white witnesses. Chief Justice Hilpin ruled that the testimony Chief Justice Ollpin ruled that the testimony he adultted, because he soid it had been customary in his Court to pe hali proceeding witnesses to testify; even though they were calcred. But he gave it as his opinion from the heach upon the point, that the Civil Rightz bill of Congress, so far as it assumed to regulate and control the admission or rejection of testimony in this State, which was regulated by the laws of the State, was hencefully and void. In case of a decision was regionate of the first of the color, was hepersulty and void. In case of a decision to this effect by the Court, an appeal to the Court above would doubtless be sustained.

FROM WASHINGTON.

Washington, Nov. 1 .-- The Cabinet to WILL, he ready and happy to exhibit on sale, to their their carefully selected NEW STOCK of DRY GOODS, on

DRY GOODS, on

MONDAY MORNING 28th inist.

There Goods were selected and purchased the presented with the various Secretaries intimated their progress. The War Bepartment estimates, it was stated, would even be less than has been different wirely be the coming partner, and stated by an experienced Mannin Maker, from the extender assent greater of Mesers, Alexar for J. Steam & P. Ste

MEMPHIS, Oct. 51. The office of the Southern Express at Jackson, Tenn., was broken open last night and the safe containing \$500 and a large amount of valuable papers was carried off. There is no clue to the robbers. There were cight interment from yellow fever to-day. A heavy frost made its appearance dis norming.

New York, Nov. 1. A Richmond spee New York, Nov. 1. A Richmond special says a strong rection has s.t in within the last two days in favor of Schoffeld and the milliary. The official returns have been received to-night at headquarters. Total your cast, 169,521; majority for the Convention, 45,445. The total number of white yots cost was 76,081; the total number of colored votes was 93,145. colored votes was 90,145.

Washington News. EVENING DISPATCHES,

A Washington special says the clerks in In the War Department have been granted furloughs to go home to vote. The question whether the deposit tickets

rsed in gold operations through the clearing house and the New York Gold Exchange Bank are subject to a stamp tax has been decided negatively. Several revenue inspectors in New York

ire to be removed to day, It is understood that the Rev. Dr. Hawley proceeds to Home and has received his intructions,

The President is about to decline receiv The President is about to decline receiving visitors, as he commences writing his autural message in a day or two.

Letters are being received from respectable negroes saying that they are in fear of the whites at the South, and orging that they be granted permission to form military companies.

Ten dollar countrificits on the Third Na-tional Bank of Philadelphia have been re-

tional Hank of Philadelphia have been re-ceived in Washington.

Gen. Pope telegraphs this morning that the vole in Georgia shows that a conven-tion has been called. The polls will be left open until to-morrow night.

Gen. Grant to day granted furlougs to all clarks in his department who desired to go

A Library of Universal Information. THE SEM

American Cyclopædia : CPOPULAR DICTIONARY OF GEN-ERAL KNOWLEDGE:

GEORGE RIPLEY AND CHARLES A. DANA, iloto dy a nemprode felege goeps of whiteres, all empressive of builder, all, and literature. In 16 large colenar, 6to. 155 double edition paper (4 each relative.

The leading claims to public consideration which he New American Cyclopadia puesesses may be thus balody stated:

"h. It surprises all other works in the falues and ability of the article relating to the United States. "2. No other work coolsins at the py reliable blo-graphics of the leading uses of this and other nations. In this respect is is for superior even to the more bulky Racyclopuells. Britannics.

"A. The best minds in this country have been em-

ployed in contribuy, the pages with the lefect data, and the most recent discoveries in every branch of manu-facture, unclosates, and general science. "At the self-thrapy in the left, where every topic is treated, and where information can be gleaned which will exact a student, if he is so disposed, to consult other authorities, ions affording him an invaluable

other enthormer, care subrolog min an invalidate type, on the technical state of the second open, and contains a most copious index.

"6. It is the only work which gives any thing approaching correct descriptions of cities and towns of America, or embraces reliable statistics showing the confidering provided of all sections."

Entry one that trade, went one that inlended in solutions.

wouldeful grawth of all sections."
Recy one that reads, every one that uningles in so-cioty, is constantly ascerting with algusions to subject on which he needs and desired further information.— In conversation, in trade, in professional 180, on the form, in the family, practical questions are continu-ally arising, which no man, with read or muk can al-vays entidentently generic. If fulfillities for reference are at horse, they are consulted, not not only is the confession, but they are consulted, not not only is the content, but yet any consulted, not not only in the content, but yet any consulted, not such as the con-tensate, but yet any incommitted to gather and whose are supported that will directly contribute to the bas-lates afterward the party concerned. coursed, but rectaps information is gained and bleas are suggested but will directly contribute to the besidese entreased the gardy concreted.

A typic-pedia is preciningly the work for our rountry and generation. This is the age of steam. No one has time to groy among a bandered different works for every little fact required, without the certainty of indings in that. With a Cyclopodia, untracting every currelyable subject, and having its topics alphals deally arranged, not a monaut is feet. The matter in question be found at once, digrested, condensed, ritipped of all lists is irrelevant and unnecessary, and verified by a comparison of the best condensed at library completes in all the departments of knowledge, a Cyclopodia, worth in the flor purposes of reference at least a thousand volumes, in while the reach of all,—the cleek, the merchant, the productional man the fainter, the mechanic. In a centry like earsy, when the hundreds may be called to repossible positions required intelligence and occurs information, the walks of axis has work cannot be over-restimated.

PRICE AND 6TYLE OF BINDING.

The Annual Cyclopædia.

The same price per volume, and uniform with the New Agreeius Crestrata. PUBLISHED ONE VOLUME ANNUALLY. Registering till the Important Reents
of Ench Vene-Valuable as a
Work of Reforence.
"It is an enterprise of immense value to the pullic, and explicit to be in every library, public and prisaic, as an invaluable book of reference."
Alloward Acpes, Albary, N. F.

"it is indeed a more excellent work. It is thorough and reliable, and just such a work as is greatly needed, a faithful chronicler of important events, too unsurence to be trummbered, and of ion much account to be lost." "Greatond Rody Hein Davier.
